

2023 GREAT AMERICAN BANANA SPLIT CELEBRATION (“GABSC”)
Alcoholic Beverages Vendor Policies ADDENDUM

These policies are to be enforced in addition to the GABSC Vendor Policies for all vendors providing alcoholic beverages at the event.

1. PREREQUISITES

Vendors must hold all licenses and permits, including the special event license, required by Commonwealth of Pennsylvania law. Vendors must also have a completed GABSC vendor application, paid all applicable event fees, submit a valid certificate of liability, and current RAMP certification for a service personnel member attending the event.

2. SERVING SIZES

Standard drink serving sizes are based on guidelines from the National Institute on Alcohol Abuse and Alcoholism. These serving sizes contain roughly the same amount of alcohol per drink.

Beer (about 5% alcohol)
12 fl oz

Malt Liquor (about 7% alcohol)
9 fl oz

Table Wine (about 12% alcohol)
5 fl oz

Distilled Spirits (about 40% alcohol)
1.5 fl oz

3. SERVING LIMITS

Alcohol service personnel must not serve to anyone who is visibly intoxicated.

Per Transaction Serving Limits

Vendors are permitted to serve up to two (2) of the standard serving sizes per transaction. This may be of the same type of beverage or a mix, e.g., two glasses of table wine; or one beer and one malt liquor.

4. SERVICE PERSONNEL

Each vendor is to provide their own staff who have completed the Responsible Alcohol Management Program (RAMP) Server/Seller Training through an approved program. The vendor must provide documentation showing that the certification is valid for the duration of the event.

5. IDENTIFICATION OF GUESTS

It is the responsibility of the vendor's service personnel to ensure each guest is of legal age for the consumption of alcoholic beverages. All guests of the event must have their age confirmed by valid photo identification, regardless of if the guest appears to be of legal age to purchase and consume alcoholic beverages.

Identification Wristbands

The GABSC will provide unique, non-transferrable wristbands to guests once their identification and age have been verified. This wristband may be used in lieu of an identification card for future purchases at the service personnel's discretion. A separate wristband will be provided by the GABSC for each day of the event.

Special Use Wristbands

The GABSC may provide wristbands for a specific activity or special access to an area of the event or other purposes, e.g., wristbands for volunteers or access to a sponsor's only activity. The purpose of these bands may be to limit access to an activity, provide priority service, or for other needs of the event.

6. SERVICE HOURS

Regular Hours

Vendors must stop serving one hour prior to the close of the GABSC operating hours, except as permitted through a special hours activity.

Special Hours

The GABSC may designate a service area to have extended hours for a specific activity. Vendors must stop serving one hour prior to the scheduled end of the activity.

7. PRICES

Each vendor may set their own pricing.

All drinks must be purchased; no free drinks are permitted.

8. SERVING CONTAINERS

Beverages must be served in plastic containers. Glass is prohibited.

9. SERVICE AREAS

Boundaries

The GABSC will setup clearly defined spaces where alcohol consumption is permitted. This space will be open to all guests of the event, including those under the legal age to purchase alcohol.

Enforcement

The GABSC will have staff in place at entrances and exits to enforce the boundary.
